UTTERLY CHARMING

Bring some romance into your life – and your wardrobe. From delicate earrings to antique charm bracelets, these whimsical vintage pieces reflect times gone by. Soft colours and burnished metals hint of sunsets, while dainty dragonflies and beautiful birds speak to the daydreamer in all of us.

SHIP SHAPE

The fashion pages have taken a nautical twist of late and you won't have to sail the seven seas to find the perfect accessories to recreate this look – just weigh anchor in your nearest eQUIP store! It's all about keeping it clean, fresh and simple – stark whites, highlighted with vibrant reds and cobalt blues.

POLKA DOT

Have you spotted the latest craze? That's right, everyone's going dotty about polka dots! They're bold, they're bright and they're a little bit flirty. It's a fun modern take on a 1950s classic and a great way to inject some retro funk into your wardrobe.

CHAIN GANG

Sienna started the trend, Kate took it to the catwalks, and we've brought it in-store. If you're looking for an ultra-modern style statement that screams attitude, then strut your stuff with heavy metal. Keep it simple – gold or silver chains on plain black. The key is to wear it with confidence.
